Subject: RE: Third Site: Sampling Plans

Matt

We are reviewing McMillan McGee concerns regarding groundwater sampling but because of scheduling constraints will not be able to respond until next week.

Suzanne

Subject: Re: Third Site: Sampling Plans

Hello Matt,

I hope that all is well.

I think that David Rountree will be sending something more official soon but the gist of our response remains that if you really want to find out what is happening at the site then you will need to sample the groundwater below 40-feet BGS.

Cheers,

Brent

Good morning:

We're preparing a response to the sampling plans/responses to comments. Do you anticipate issuing more responses to comments or counter-proposals within the next week?

Thank you,

Matt
